

Introduction to IB Curriculum (HL and SL)

Build strong economic intuition, master evaluation skills, and develop exam-ready answers through structured guidance, targeted practice, and personalized feedback.

Suitable for:

- IB Economics HL and SL
- Students aiming to improve their predicted and final IB grades, including those targeting Grade 7
- Internal Assessment (IA) and Extended Essay (EE) support
- Exam preparation and revision

Overview of the Economics curriculum

IB Economics is divided into 4 units, covered in 2 years: Grades 11 and 12

Exam Structure

| Type of assessment | Format of Assessment | Time | Weighting of final grade (%) |
|--------------------|--|-----------------|------------------------------|
| External | | 4 hours 45 mins | 80 |
| Paper 1 | Essay-based paper on all units of the syllabus | 1 hour 15 mins | 20 |
| Paper 2 | Data response-based paper covering all units of the syllabus | 1 hour 45 mins | 30 |
| Paper 3 (HL only) | Quantitative-based paper covering all units of the syllabus | 1 hour 45 mins | 30 |
| Internal | Three commentaries, each from a different syllabus unit (excluding Introduction), using published news extracts, and analysed with different key concepts. | | 20 |
